ANALYSIS

A) Zoning Code Compliance

A1) Parking and Traffic Standards

Pursuant to Title 19.10, the following Parking Standards apply to the subject proposal:

Uses	GFA	Required			Provided	
		Ratio	Parking		Parking	
			Regular	Handicap	Regular	Handicap
Tinoco's Dining	700 SF	1 space/50 GFA	14	1	6	1
Kitchen	400 SF	1 space/200 GFA	2	1	1	
Office/galleries	24081 SF	1 space/300 GFA	80	4	6	
Urban Lounge	4930 SF	1 space/50 GFA	99	4	9	1
Totals	30,111		195	10	24	2

Parking standards are not automatically applied to projects within the Downtown Centennial Plan area. If standards were applied, this project would be under parked by 171 spaces. However, the applicant has agreed to improve a vacant lot on the northwest corner of Casino Center Boulevard and Boulder Avenue for use as a parking lot as a condition of approval for this project. This would be a permanent parking lot until a new Site Development Plan Review is submitted and approved by City Council. This lot will provide an additional 24 spaces. There are also 19 parking spaces on the adjacent Boulder Avenue available to the public. The new Bus Rapid Transit (BRT) route is located adjacent to the project and Charleston Boulevard is a primary CAT bus route providing ample public transportation for the project. Several approved and under-construction residential projects are within an easy walk to the project.

The city is currently working with business owners in the area to develop a parking plan that will meet the needs of the developing Arts District. Although this project is currently under-parked, it has operated effectively for several years without the recommended amount of parking spaces.

B) General Analysis and Discussion

- Zoning

The C-2 (General Commercial) Zone permits an Urban Lounge with an approved Special Use Permit. This use is only permitted within the Arts District and this project is located in the center of the Arts District.

- Use

The proposed Urban Lounge use is permitted with an approved Special Use Permit.

FINDINGS

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **“The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.”**

This project is in the center of the Arts District and will be an asset to the atmosphere of the District. The surrounding property is zoned C-2 (General Commercial) so no future problems should arise.

2. **“The subject site is physically suitable for the type and intensity of land use proposed.”**

The proposed Urban Lounge is an addition to the existing Tinoco’s bistro. The location being at the intersection of two major streets fits this use well.

3. **“Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.”**

The location is at the intersection of two major streets; Charleston Boulevard and Casino Center Boulevard will provide adequate access to the site.

4. **“Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.”**

All health and welfare codes will be applied.
